CLAIMS 1-19 ARE PRESENTED FOR EXAMINATION

Applicants' Amendment and Terminal Disclaimer filed April 26, 2004 and Information Disclosure Statement filed February 25, 2004 have been received and entered into the application. Accordingly, the specification and claims 1, 7, 9, 11, 17 and 19 have been amended. In view thereof, the objection to the claims as set forth in the previous Office action is withdrawn.

Further, the terminal disclaimer, directed to U.S. Patent No. 6,458,795, is in proper form and thus obviates the necessity for setting forth an obviousness-type double patenting rejection over the claims of that patent.

Finally, as reflected by the attached, completed copies of form PTO-1449, the cited references have been considered by the Examiner.

Double Patenting

Obviousness-type

Claims 1-19 remain rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-11 of U.S. Patent No. 6,664,270 for the reasons of record as set forth in the previous Office action.

Applicants have indicated that the terminal disclaimer referenced above overcomes the present rejection. However, the terminal disclaimer is directed solely to U.S. Patent No. 6,458,795. Insofar as the present rejection is based upon U.S. Patent No. 6,664,270 and a

Art Unit: 1614

terminal disclaimer directed to this patent has not, in fact, been filed, the rejection remains proper.

Accordingly, for the above reasons, the claims are deemed properly rejected and none are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
